Minute 1 15/04/2021: We had our first discussion and addressed the issue regarding the fourth chapter on functions and tasked each other with reading the whole chapter from the book in order to understand the weekly assignment.

Minute 2 16/04/2021: We met again and accomplished exercise 1 and 2 which constituted a few built-in functions and part of exercise 3 and assigned to each other one of the remaining exercises in order to beat the deadline of committing the changes to our repository.

Minute 17/04/2021: We met for the third and final time to finalise the assignment which we did successfully and pushed the changes to our Github.
